A BRIEF PROFILE

WE DRAFT YOUR DESIGNS...

DATT Consultancy (referred as DCS) is an India based, offshore drafting company providing value - based solutions in the field of CAD conversions. It is a one-stop solution point for converting handmade technical drawings (Raster to vector, architectural, engineering and structural, etc.) into CAD drawings. We represent the highest quality of service deliverables along with an unmatched cost-advantage for all overseas clients.

In strategic alliance with leading CAD companies of USA & Europe, we provide innovative design engineering solutions to the Architectural, Manufacturing & Automobile Industries.

DCS has got its strength as a core team of professionals comprising of Mechanical, Civil Engineers and Architects for all the "concept to reality" requirements.
